

MOCAP Virtual Courses

Students and families that are interested in virtual coursework should contact the student's school building and inquire about the Missouri Course Access Program (MOCAP).

MOCAP offers virtual online courses for students statewide. Students can take an entire course from any Internet-connected computer, available 24 hours a day, seven days a week.

MOCAP's mission is to offer Missouri students equal access to a wide range of high-quality courses and interactive online learning that is neither time nor place dependent.

The Missouri Department of Elementary and Secondary Education (DESE) and the State Board of Education oversee administration and quality assurance activities such as related content and delivery of courses.

Missouri-certified teachers facilitate MOCAP courses. MOCAP provides Missouri students with equal access to a wide range of coursework, anywhere, any time. For more information, visit the **[MOCAP website](#)**.

MOCAP 2023-2024 Updates

1.) Students may enroll full-time in MOCAP programs from virtual providers supported by public school districts, charter schools, or higher education institutions without involving their resident districts;

2.) Full-time, hosted MOCAP students who receive special education services will transfer from their resident district to the host district using typical special education transfer processes.
